A company or individual must have the proper business licenses and pet shipping licenses required by their country and/or province for membership with IPATA. We have identified licensing requirements in a number of countries. This list is not comprehensive; and will be updated as information becomes available. It is your responsibility to identify and meet the licensing requirements in your country. (Use "Ctrl + F" to search for your country name.)

To complete the application process, please send a copy (PDF preferred) of your business licenses and permits to: BJ@ipata.com, or Fax them to: +1 903-769-2867 after your application form has been submitted.
