From Brisbane to Bermuda, enjoy headache-free animal travel!

Do you understand all of the rules and regulations associated with transporting animals from A to B? Dogtainers do!

All documentation will be taken care of and a strict adherence to animal transport regulations and quarantine requirements will be maintained for your pet at all times.

With vets on call, your pet has access to comprehensive health care at every stage of their journey, catering for everything from their first vaccination to finally clearing quarantine.

Dedication to only the highest standard of care, ensures your much-love pet lands with a wag in their tail.

Dogtainers offer you more than just transport:

- Pick up or delivery from home in climate-controlled vehicles
- Animal-loving handlers to care for your pet
- Preparation of all travel documentation
- Advice on special quarantine requirements and laws
- Vets on hand to take care of vaccinations, worming, flea treatments and blood tests
- Specially crafted transportation packs, crates and cages (for hire or sale)

Why did the elephant cross the road? To travel with the experts at Dogtainers, of course!

Travelling down the road or around the world, Dogtainers have the connections to make it happen.

You name it – Dogtainers have been there! Your animal will travel via our trusted national network that is connected globally with the world’s leading airlines and transport companies.

What will you choose? A handy door to door service, or a simple airport to airport transfer? All of your needs can be accommodated. No matter where you are going, there is a service for your pet that will suit your preferences.

First class, not cargo class!

Wouldn’t you prefer Animal Carers, not just Animal Transporters?

Dogtainers guarantee you receive the most professional, reliable, personalised animal transportation service available.
